

Antidumping and Countervailing Duty – a Priority Trade Issue

Thursday April 26th, 2012

8:00 – 12:00 Seminar

12:00 – 1:30 Lunch

Presenter: **Joel Junker**, Joel Junker & Associates

The CRCBFA is very excited to welcome Mr. Joel Junker, longtime friend and advocate of the Columbia River Customs Brokers & Forwarders Association, to come speak about Antidumping and Countervailing Duty. This seminar is a **“do not miss”** opportunity for both **importers and brokers** in that both ADD and CVD are high profile Customs priority trade issues.

This half-day seminar is designed to give a useful and simplified background on the complex area of Antidumping and Countervailing Duty investigations in order for importers to understand their effects on commercial planning and for Customs Brokers to better understand how Type 03 entries are to be handled.

The speaker, Joel Junker, with the Seattle-based international trade law firm of Joel R. Junker and Associates, has extensive experience in ADD/CVD matters. In addition to handling ADD/CVD cases in private practice, Joel was Assistant General Counsel at the U.S. International Trade Commission.
